Instant Message change Seen by everyone	Depth of message Understandable by your employee	Update your offers in a few minutes	Create dynamic & creative messages	Build a strong corporate culture
1	2	3	4	5

1. Use them for multiple visual messages delivering across organization - You can play different messages on different chosen screens on demand any time across geographies for complete uniform multiple messages delivery on demand any time.

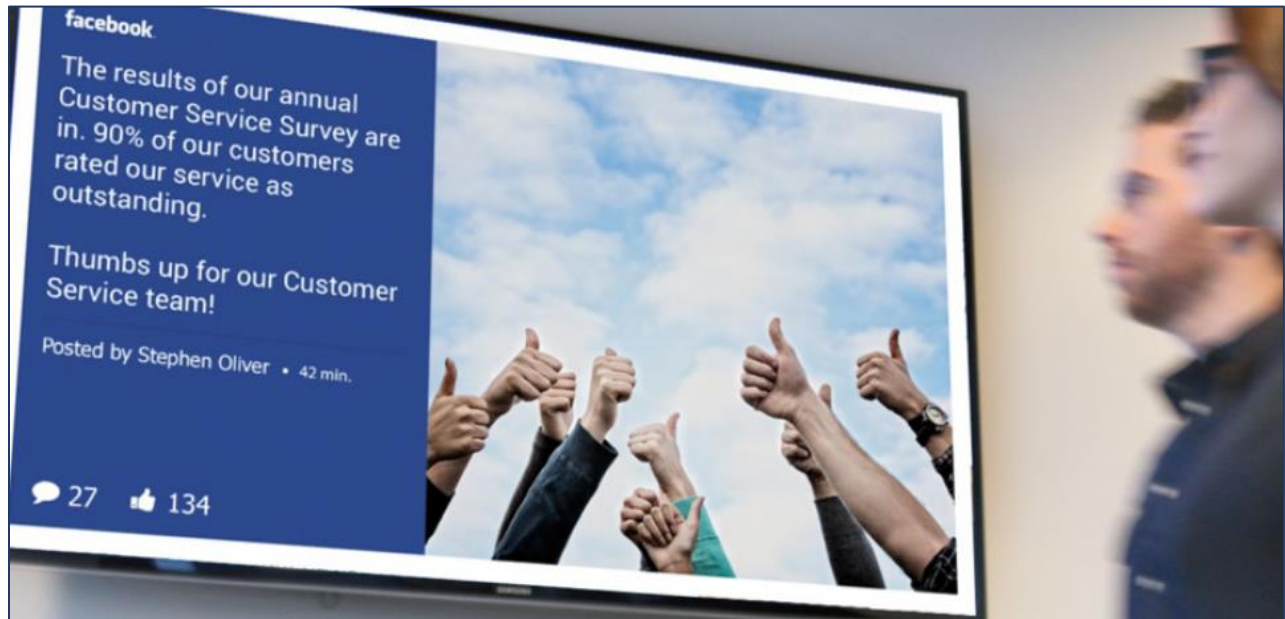

2. Provide opportunities for higher employee recognition - Digital signage helps with employee recognition, employees who feel appreciated are 60% more inspired to work harder.

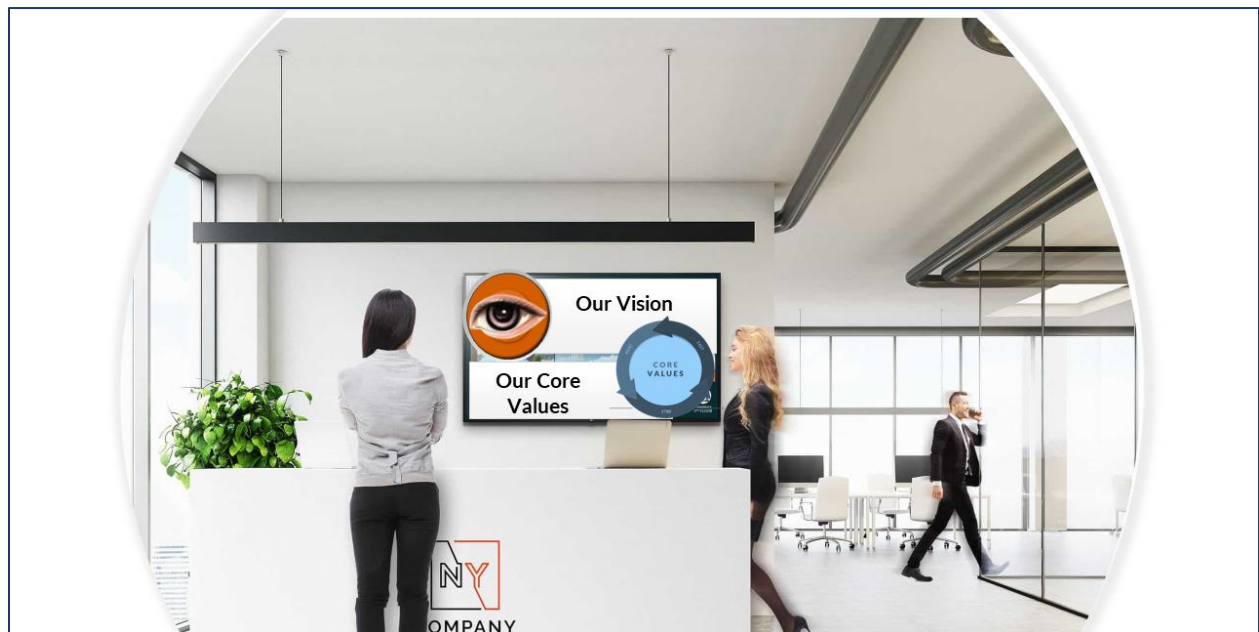

3. Get Higher Employee Engagement & alignment: Disengaged employees are 12x more likely to leave their job within the current year. Indeed 56% of internal communication teams are considering increasing the use of digital signage within their organization.

Forward-thinking companies prioritize communication and value their corporate digital signage solutions. Clear and engaging communication has a direct impact on engagement, which has a direct impact on productivity.

4. Display & align with your core values of your employer: Most employees say, they don't know what their company's core values are. Digital signage is the perfect tool for a modern workforce – letting everyone know what the organization's values are.

5. Provide information on up- coming events for no one to miss: Use images, videos, streaming media, and messaging, along with sound, to provide, general information, upcoming events, seminars, trainings.

6. Increase motivation with new success stories everywhere

They have built in wi fi network and digital signage media player, which are ready to show your new messages on demand any time. Also, they give you one single point of control regarding communication across all your offices in India or worldwide.

7. Use them as Digital Bulletin Boards: Now, you will be able to launch new products instantaneously remotely or provide guidelines and new updates to all your employees on demand any time and do effective communication across all your offices in India or worldwide.

8. Use them at receptions across all your offices for dynamic content.

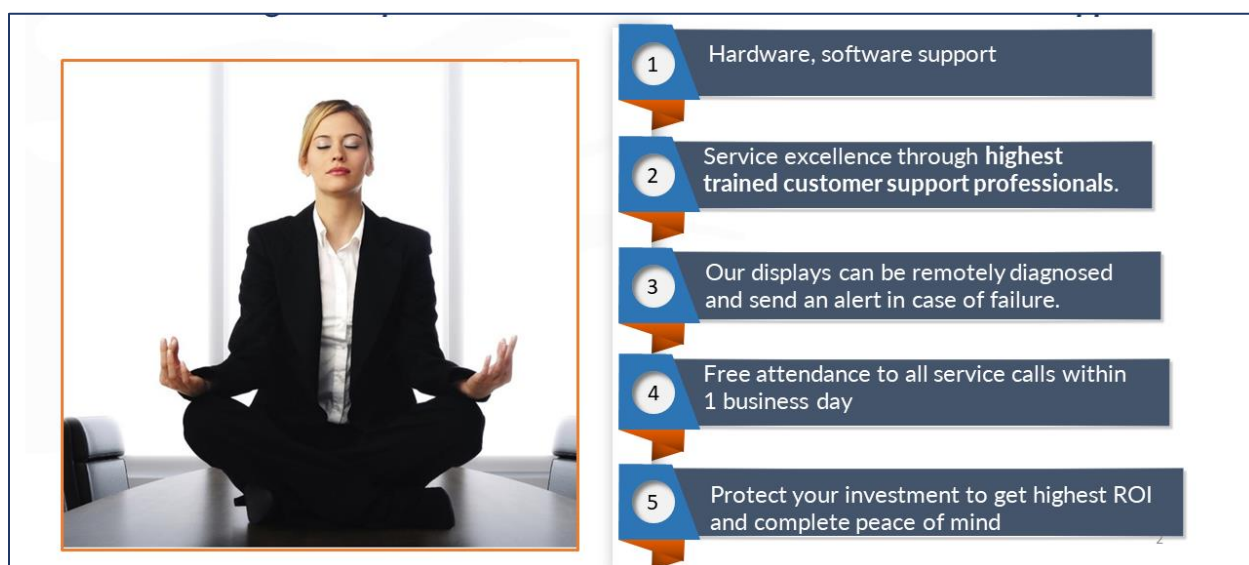

Get Complete Peace of mind with 5 years of warranty!

Now, you will be able to display new product launches, new hirings, achievement & recognition of your employees, your core values instantaneously remotely on demand any time across all your locations in India or worldwide.
