

Dear Sir,
.Greeting from Business Octane!

Now give your Senior Management a top “Luxury Car like Experience” at the price of a Sedan - an imaginable kind of Video Meeting experience, that also on your chosen cloud platform!

Don't let your Senior Management get an ordinary sedan-like experience in their video meetings like below!

Instead let them have a luxurious car like video meeting experience at the price of a family sedan!

Available Options:

1. Small meeting room solution!

Figure 1: Seeing the gallery view on the upper displays while face to face telepresence view on the lower 3 displays and content on the table displays.

2. Large Size meeting room solution!

Figure 2 Seeing the Telepresence view of VC participants on 3 separate display, gallery view on the upper display and content on the table displays!

Give your **senior management** high quality video meeting experience **which is like having a ride in Mercedes** that also at the price of a family Sedan.

3. Cabin room solution!

Figure 3 Let their Video meeting ride be like Mercedes Maybach like this !

Seeing is believing! Hearing is believing!
