

Beauty with Brains for all your conference needs!

You buy a car with AI, you buy an AC with AI, you buy a fridge with AI, you buy a phone with AI, you buy a PC with AI - So, why shouldn't some intelligence be there in your conference room set up? Now get beautiful, smart with real intelligence built in conference platforms for all your meeting rooms. Business Octane presents ProCollabstations & ProVideoManagers to help improve eye contact, cut the clutter of cables & improve aesthetics with a Wow factor.

State of the art technology meets state of the art Aesthetics - Now take your video collaboration experience to a new height with Business Octane' Smart **ProCollabStations** & **ProVideoManagers**!

Embedded ProCollabstations are designed especially to improve eye contact and define placement & housing of all the AV equipment. Helping removing cable clutter saves valuable real estate space and improves aesthetics of your meeting spaces, Built in equipment racks in the *ProCollabSTATION* along with 12 db silent cooling fans also give an aesthetic look while saving your valuable real estate.

The tables are designed to improve eye contact with lowest ParalleX error !

Now for the 1st time provide highest eye contact. in your video meetings

A wide range of ProCollabStations is as:

Business Octane Presents Video *ProCollabStation* for your Enterprise-Wide teams from Huddle Rooms to mid-size & large conference rooms, boardrooms & training rooms for adding harmony to your VC collaboration experience. Now take your video collaboration experience to a new height with Business Octane's ProCollabStations.

Pro Video Managers are designed especially for housing cameras, speakers, display mounts in a self-contained aesthetic manner so that the best possible eye contact and display visibility can be achieved.

New age aesthetics - For the first time, you can mount your display managers along with tables against the glass wall which will add further aesthetics to your workplace. No alterations required in the existing interiors while installing your display managers as it is a freestanding monolithic assembly which does not need to be mounted on the wall. Further high-quality

tapering finish from rear for display managers make it look beautiful when viewed from the other side of the glass partition.

Place your ProVideoManagers against glass wall

A wide range of ProVideoManagers is as:

Seeing is believing!
