

Subject line: Don't see just one speaker, see 4 active speakers in your VC meetings!

Don't see just one active speaker, see four!

4 **AMAZING**
active speakers
for the first time!

Display the
real-time close-up
shots of the
recent speakers,
enabling you to
stay focused on
what truly
matters.

AI

**ALSO, SEE THE ENTIRE ROOM
PARTICIPANTS TOO !**

**BE IMPRESSIVE WITH AI-
POWERED VIEW**

Intelli Focus will revolutionize video meeting by changing the concept of one active speaker. Now instead of one active speaker, see the last 4 active speakers while also seeing the full room view simultaneously for really getting to know the team dynamics.

- Get Super high picture quality with 2 No. 48 MP cameras when others use just one 12-20 MP camera.
- Built -in audio pick up to 20 Feet with option of connecting wireless microphones.
- High quality dual speakers for stereo sound with 6 mt audio pick up.
- Share content wirelessly easily.
- Simple deployment
- Remote device management

1. Be Impressive with AI Powered View - This Meeting Bar ensures everyone is equally impressive in VC meetings. Focus on the latest 4 active speakers to ensure the natural conversation and seamless meeting. The on-device IntelliFocus feature displays real-time close-up shots of the recent speakers, enabling you

to stay focused on what truly matters. Feel free to make your points just as you would in a face-to-face conversation.

2. Video Fence Feature -The Video Fence feature marks the boundaries of a virtual meeting space. Your colleagues only see and hear what's inside, keeping the focus solely on your point.

3.Voice Enhanced with AI Powered Audio - To ensure a smooth and distraction-free virtual meeting, you get high-quality full-duplex audio with AI-Enhanced Noise Cancellation and Reverberation Suppression

So, if you want to improve the IntelliFocus in your video meetings, please contact us :

Seeing is believing!
